Dear Paul,

The Peace River Federated Republic Women's Forum would like to personally thank you and The Players for attending and presenting history at our recent luncheon on January 8, 2014. Your love for history and our country was obvious that day.

I received many favorable comments from club members and guests after the meeting and I would like to share a few with you. Some members commented on the high level of professionalism of the actors and the presentation. A member commented how delightfully surprised she was to have learned such interesting facts. And lastly, a member commented on how remarkable it was to learn so much American history and facts in such a short period of time.

Your efforts to serve the greater Charlotte County population with these presentations is commendable. The preservation of our history as Americans is critical and with your continued service we applaud you and your staff for creating a realistic creation of those who have courageously served our country.

Thank you again for a very enjoyable program.

Sincerely,

Martha J. Martin
President, PRFRWF
