Dear Mr. and Mrs. Geisel,

I am sharing your email with my competent and beloved staff, all of whom of which I am extremely proud. Stephanie is the newest addition to our team, and I am sure that you made her day.

Everyone here employs the simple but basic golden rule: treat others as you would like to be treated if you were the caller.

Thank you for the time and effort you took to provide positive feedback and acknowledgement of our efforts to be the best at what we do. We look forward to serving you in the future.

Paul

Hon. Paul A. Stamoulis  
Charlotte County  
Supervisor of Elections

Dear Mr. Stamoulis,

We have had need to contact your office twice within the last few weeks. Once with a question regarding a change in our voting place and again today with a question regarding a sample ballot for the upcoming August Primary.

On both occasions we had the pleasure of being assisted by a young lady by the name of Stephanie. She was friendly, courteous, helpful and most importantly informed. She is a credit to your office.

Your office is probably the most efficient, informed and capable within the entirety of the County government. All County offices and departments would be wise to follow your lead.

Thank you for being a TRUE Public Servant.

Very truly yours,

Frederick and Antoinette Geisel
